Lauren Dunne Astley Memorial Fund

The Fund's mission is to promote dynamic educational programs, particularly those in the areas of the development of healthy teen relationships, the arts, and community service. Lauren was a self-possessed young woman of energy, hope, and caring, who lived her life with laughter and to the fullest. Lauren Dunne Astley, 18, died on Monday, July 4, 2011, in Wayland, MA.

Lauren's parents are focused on how each of us can work together to change our communities so that tragedies like this are avoided in the future; that the environment our children go to school in will be a safer, less violent and more accepting one. This fund will support educational opportunities through the schools in our community to try to teach children early about healthy teen relationships, signs of troubled behavior, and self-esteem. Lauren was also a gifted musician, so the fund will also support others in their pursuit of the arts.

Lauren was very considerate of others and consistently gave of her time and resources to help those less fortunate. She went to help victims of Katrina on three separate occasions. The fund will support those who wish to follow Lauren's footsteps in supporting others inside and outside of our community.
